 Lahore

SKILLS

Programming Language:

- C#

.NET Frameworks and Technologies:

- .NET Framework
- ASP.NET MVC
- ASP.NET Web API

Web Development:

- HTML, CSS, JavaScript

Databases:

- SQL Server

Tools and IDEs:

- Visual Studio
- Visual Studio Code

Design and Architecture:

- Object-Oriented Programming (OOP)
- Design Patterns (Singleton, Factory)

Soft Skills

- Problem-Solving: Ability to analyze complex problems and develop effective solutions.
- Team Collaboration: Experience working in agile environments, participating in daily stand-ups, sprint planning, and code reviews.
- Adaptability: Ability to learn new technologies quickly and adapt to changing requirements.

EDUCATION

2020 - 2022

Master of Computer Science (MCS)

Islamia University Bahawalpur

LANGUAGES

English
Urdu

PROFILE

Enthusiastic and dedicated Junior .NET Developer with 1 year of hands-on experience in developing and maintaining web applications using C# and ASP.NET MVC. Proficient in SQL Server for database management and familiar with development tools such as Visual Studio and Git. Demonstrated ability to collaborate effectively within a team environment to deliver high-quality software solutions. Eager to apply my skills and continue growing as a developer within a forward-thinking organization.

WORK EXPERIENCE

Junior C# .NET Web Developer - Remote

Integra Scripts 2022-2023

- Built and maintained web applications using C# and ASP.NET MVC.
- Implemented new features and resolved bugs based on user feedback and testing.
- Designed and optimized SQL Server databases to ensure efficient data storage and retrieval.
- Wrote complex queries and stored procedures to support application functionality.
- Ensured secure and efficient data exchange between client and server.
- Worked closely with front-end developers to integrate user-facing elements with server-side logic.
- Assisted in the development of user interfaces using HTML, CSS, and JavaScript.
- Used Jira for version control, managing code repositories, and ensuring code quality through regular commits and pull requests.
- Participated in code reviews to maintain coding standards and improve code quality.
- Communicated effectively with team members and stakeholders to gather requirements and provide status updates.

.NET Web Developer

Center for Advance solutions. || Bahawalpur 2023 - 2024

- Gained a thorough understanding of the Model-View-Controller (MVC) architecture and its benefits in web application development.
- Learned to separate application logic, user interface, and data models for improved maintainability and scalability.
- Mastered the ASP.NET MVC framework for building dynamic, data-driven web applications.
- Developed skills in creating and managing MVC components such as controllers, views, and models.
- Learned to configure and customize routing and URL mapping to direct user requests to the appropriate MVC controllers.
- Implemented attribute routing and conventional routing to handle complex URL patterns.
- Gained proficiency in using Entity Framework for database operations, including creating, reading, updating, and deleting (CRUD) data.
- Learned to work with Code First and Database First approaches for database modeling.
- Learned to use HTML, CSS, and JavaScript to enhance the user interface and user experience.
